- REDUX

ABOUT ME

I'm interested in working as a junior front-end developer. I have always been passionate about technology and web development, and it was this passion that motivated me to get into front-end development. I started my journey as a web developer at Hillel Computer School where I studied major programming languages such as HTML, CSS and JavaScript.

Also familiar with various tools and frameworks such as React, Redux, SCSS and SASS.

I strive to develop and grow in the field of front-end development, and I am ready to take on any challenge to expand my experience and skills.

EDUCATION

**Autotransport College of the National
Technical University "Dniprovsk
Polytechnic"**

Courses :

- Hillel IT school: Front-end Basic, 2022
- Hillel IT school: Front-end Pro, 2023
